

1 out of 365

This is the number of days you need **to set aside for the prostate cancer screening**. Which can be the PSA (Prostate-Specific Antigen) and the digital rectal examination itself. And speaking of digital exam...

#FicaOToque: 1 single day of your year can make a difference against the disease, which kills 42 men a day.

Visit dorconsultoria.com.br/novembro22 and get to know all the benefits of booking this day in your agenda.
